For Individuals with Disabilities

2018

Sponsored by the Pikes Peak Interagency Transition Team

The Pikes Peak Interagency Transition Team (PPITT) was created in 1992 when Transition Services were mandated by the State, and Transition Coordinators needed to tell families what resources were available. In an effort to share resources with the Pikes Peak Region, PPITT publishes an annual resource directory and hosts an annual resource fair. In addition, PPITT has a listserve and Facebook page where events and happenings are posted and forwarded by members. Visit us at:

Community Intersections began providing services to people with intellectual and developmental disabilities in 1995 as an alternative to traditional service models. The company's mission; To Bring People and Opportunities Together, is accomplished by listening to what people want and then developing services around the individual, rather than attempting to make the person fit the program model. We advocate for individuals with disabilities and promote individual choice, community integration, individualized planning, respect, and quality of life. Services are provided in a variety of arenas, including residential, employment, employment training, community participation and transportation.
